

Scarborough's famous castle keep, dating from the 12th century under the reign of Henry II.

Scarborough - first held by the Romans, then ruled by the Viking Thorgills Skarði. She soon became known as Skarði's Burgh (meaning Skarði's stronghold). Let us enlighten you to the many splendid aspects of this picturesque seaside town.

A little about us...

Shoreline Suncruisers started operating on Scarborough seafront in March 1991.

It runs the seafront service 109 from the Sands Complex in the peaceful North Bay to the Spa Complex at the end of the hustle and bustle of the sun filled South Bay. The bus travels around the scenic Marine Drive, which links the two bays together, between March and October.

Jack Stephenson was co-owner of the business when it was set up in 1991 then in March 2000 it became solely owned by the Stephenson family. In addition to Jack, his wife Rosemary and son Tom also became involved in the business.

In October 2001 a new company, JR Promotions Limited, with the same ownership as Shoreline Suncruisers was formed to operate a fleet of hard top double decker buses on school contract and private hire work.

Initially three buses were purchased but it very quickly became evident that the business was expanding at a rapid pace. Both companies were merged in March 2014 to become Shoreline Suncruiser Buses Ltd.

The company operates a fleet of single and double decker buses, most of which are fitted with luxury coach seats with seatbelts. We also have executive 49, 51 and 71 seater coaches; all of these are available for private hire.

Where it states
'Hail & Ride' on the
timetable below, just put out
your hand and we'll stop
where ever you are!

The North Bay Railway has been operating since 1931, running for around ¾ of a mile from Peasholm Park to Scalby Mills.

During the summer season, war breaks out on the Peasholm Park Lake, when 20ft replica boats recreate the tensions of a battle at sea.

The new 'Marina' – part of the harbour where the Albert Strange pontoons are used. The harbour is home to the Scarborough Pleasure Steamers and other various boat trips.

The only open top tour bus in Scarborough with a commentary!
